Learning Outcomes

- Consider how national changes will affect Health and Justice and your organisation and consider what actions you need to take to implement them.
- Understand the impact of the changes to HMIP expectations and CQC judgements for medicines and how this will affect practice.
- Understand prison transformation and how this will affect the modelling of prison pharmacy services
- Learn about innovative service delivery and how these can be incorporated in your practice

Target Audience

- Pharmacists and senior technicians providing or managing pharmacy services to Secure Environments and offender health care pathways
- Pharmacists and senior technicians who provide support to commissioners of Health and Justice services
