## Learning Outcomes

- Consider how national changes will affect Health and Justice and your organisation and consider what actions you need to take to implement them.
- Gain an understanding of the WHO safety “Medication Without Harm” Patient Safety Challenge.
- Learn about innovative service delivery and how these can be incorporated in your practice
- Identify areas for improvement within your own organisation and begin to develop an action plan.
- Take the opportunity to share good practice and network with peers to develop your knowledge base.

## Target Audience

- Pharmacists and senior technicians providing or managing pharmacy services to Secure Environments and offender health care pathways
- Pharmacists and senior technicians who provide support to commissioners of Health and Justice services

## Course Organisers

Medicines Use & Safety Division, Specialist Pharmacy Service
