

HJ Medicines Optimisation and Pharmacy

2023/24 Strategy and Programmes

Summary of main programmes 2023/24

- **Pharmacy Workforce-**
 - Transfer of HJ Foundation programme to NHS England Workforce Team
 - Focus on Pharmacy Technician training
 - Post-qualification training and portfolio working- especially developing clinical pharmacy and structured medication reviews in priority areas
- **Substance misuse:**
 - Naloxone supply by officers
 - Roll out via regions of LA buprenorphine
 - Methasoft integration-pending technical issue developments
- **Strategic and local HJ pharmacy and MO integration-** via HJ regional pharmaceutical advisers
- **Antimicrobial stewardship:** What good looks like in HJ practice
- **Continuity of care-** aside from work you will hear about today:
 - HJ Substance misuse programme
 - Electronic Prescription Service – HJ FP10s then options for e-transfer of HJ customised Rx
 - Supporting safe transfers and releases arising from HMPPS population pressures
