

DHSC/NHSE Medicines Supply Tool

Developed and hosted by SPS for use by healthcare professionals

Latest information on supply issues

including:

- a list of current and recently resolved supply issues
- anticipated duration of the issue
- suggested management actions
- advice on alternative medicines and clinical advice, where appropriate

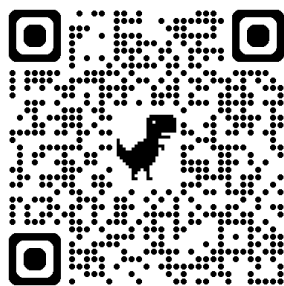

Please follow the advice provided, as DHSC/NHSE will have checked the alternative will sufficiently cover the supply gap.

To access the tool

- Register with the NHS SPS website using an NHS based work email address*
- Opt in to receive communications from NHS SPS
- Log in to the SPS website with your registered email address and password, and go to <https://www.sps.nhs.uk/home/tools/medicines-supply-tool/>

Further information

- Content is provided by Medicines Supply Team in the DHSC, and the Medicines Value and Access Team, NHS England
- Update emails are sent weekly, late Thursday or early Friday
